Keep Your Area on the Minds of Folks Who Use Your State Map—Again & Again

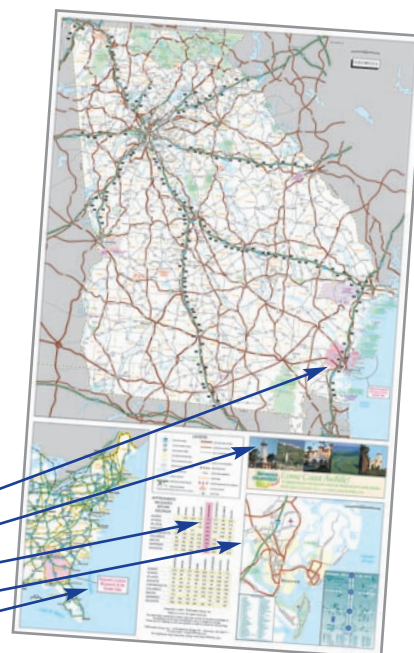

With 3,000,000+ distributed, TRIPinfo.com Maps are very popular items at Welcome Centers in 12 states. Hotel brands, petroleum companies, and destinations benefit from a scale cartography library and bundled map production. You can too, thanks to a great idea from Brunswick & The Golden Isles of GA CVB Executive Director Bill Tipton:

"We want to thank TRIPinfo.com, Days Inn & RaceTrac. By stopping the press and changing plates to feature our inset map, we can 'piggyback' their production to personalize Georgia maps at 1/2 the cost of creating maps just for us. This is a great opportunity to showcase our destination. To be featured on the cover and highlighted on the state map itself is a huge plus!

It is great partnering with marketers like TRIPinfo.com, Days Inn and RaceTrac that work to support destinations throughout our state. Now when visitors ask for a state map at our Welcome Centers, they can receive a 'keeper' state map featuring our destination!"
